

'What to Expect, When?' Can be found below.

This publication has been produced for parents/carers and explains what to expect during your child's first 5 years of development, focusing on the seven areas of learning which are covered in the Early Years Foundation Stage (EYFS).

The document is broken down in to six age bands which overlap, and identifies what you might notice your child doing during each stage. It also provides suggestions for how you, as a parent/carers, can support your child's learning and development during each stage.

During their year in Reception children will move through the 30-50 months, 40-60 months brackets, aiming to achieve the Early Learning Goals by the end of the academic year.
