

Doughnut Review by Madeleine

If a little girl saw a gold sparkly doughnut, they might not be able to have it. However, it might not really taste nice, because it would have too much artificial flavours and colours in it. Whereas a plain ring wouldn't!

Here are my scores.

Iced doughnuts

In my opinion the icing was too hard, but overall it was alright.

I scored them 6/10

Rings

I liked these doughnuts best, because they had a nice sugary glaze. Also, they were freshly baked.

I scored them 10/10

Blackcurrant Jam

The jam was quite thick and quite goory, overall it was quite sugary.

I gave it a score 5/10

Strawberry Jam

The jam was sticky and runny, it was cooked well and it was quite sticky. I gave it a score of 5/10
