

We have just completed our first maths unit based on place value. We have covered investigating large numbers up to a million, whilst also exploring rounding. Some children found **rounding large numbers** to 1000, 10,000 & 100,000 more challenging. The link below will take you into the White Rose home learning videos (weeks 1-3 rounding) which you might like to share with your child at home:

<https://whiteroseeducation.com/parent-pupil-resources/maths/home-learning?year=year-5-new>

Nrich website has some fun rounding games to try <https://nrich.maths.org/13786>

We are working on our KIRF (key instant recall facts) based around times tables facts up to $\times 12$, including the inverse e.g. $144 \div 12 = 12$. We will be assessing the children's times tables next Monday and allocating them a times table to practise concentrating on the division facts now post MTC. They should still log into Rock Stars to practise at home.

World Mental Health Day is on Friday 10th October. To mark this important occasion we are inviting pupils to come to school in Mufti with a emphasis on yellow for positivity. Next week we will be participating in a whole school Feeling Good homework with a focus on 'connections.'

Thanks for your support and participation.

Over the next two weeks we will be:

- Going **to Wisley on Thursday 9th October** as a whole year group. Leaving 9:15am prompt!

Year 5 who swim on Thursdays pm will swim on Friday 10th October pm.

POLITE REMINDER

Thank you so those who have paid £15 for our trip and completed the permission slip. Please could we ask the remaining half of the year group to follow their lead and pay via SCOPAY asap. If we do not have enough contributions we will not be able to run the trip unfortunately.

- Exploring rainforests as an important biome.
- Starting our work on non-chronological reports in English.
- Comparing, grouping and investigating materials based on their scientific properties.
- Working with large numbers; addition and subtraction using the column method.
- Experimenting with mixed media to create land and city scapes in art.
- Learning about the classroom in French.
- PSHE - rewards and consequences relating to rules, rights and responsibilities
