

Year 6 Learning Letter

Friday 5th December 2025

Edition No. 6

As we head into the last couple of weeks of this term, we would like to take this opportunity to thank you for all your help and support this school year. The children have worked really well, especially during our latest assessment weeks at the end of last month. They will definitely have earned the rest when it comes!

We are Learning

This is what we will be aiming to cover during the final weeks of term:

History - continuing our work on the Vikings, looking at Viking settlements and longhouses.

English - We are finishing our balanced arguments before finishing the term with a week on winter poetry, using imagery to paint picture with words!

Maths - finishing work on fractions, ready to move on to decimals and percentages in the spring term.

Science - continuing to learn about evolution and adaptation

DT - We are finishing our Viking longboats - they are starting to look amazing!

RE - looking further into the different accounts of the birth of Jesus, through the Gospels.

Here is a fun maths Christmas extra to try:

SUCH STARS!

Whilst working hard during assessment week, the children have also been having a lot of fun, working on their performances for the Carol concert. We are really looking forward to the show, to see the fruits of all their hard work.

We are now looking forward to the last weeks of term; after a normal week next week, we will be enjoying the carol concert, Christmas lunch and other Christmassy activities to round off what has been a long but very productive term.

Christmas Post Box

Our School Christmas post box will be open from Monday 8th December. Our special elves will be helping to empty the post box and making deliveries to the classes. In order to ensure that the card gets to the right place, they have asked that your children makes sure they put both **FIRST NAME** and **LAST NAME** followed by the **CLASS NAME**. Thank you for helping us to make our postal service as efficient as possible!
