

Curriculum Day is on Friday the 18<sup>th</sup> of October. All Year 1 children will be based at Leigh.

### Over the last two weeks we have been...

- Continuing our topic on “The World About Us”.
- Drawing and labelling the human body.
- Grouping different types of animals.
- Learning to find and record numbers that are more and less than a given number.
- Understanding what a greater or smaller number means.
- Using number lines, number fans, 100 squares, objects and 10’s frames to investigate different numbers.

### Over the next two weeks we will be...

- Continuing our topic on “The World About Us”.
- Learning about animals and how to classify them.
- Finding out about non-fiction.
- Discussing with the children part/part whole models in maths.
- Number bonds in and to 10
- Joining together for our Curriculum Day.

### PLEASE REMEMBER...

Coats are needed every day.

Please make sure your child can change themselves independently, including turning their clothes the right way round.

Could children bring in an old pair of outdoor shoes or wellies that can be kept at school to allow for outdoor play/learning. If you have an old pair of waterproof trousers these would be useful too.

We appreciate your support with this!

### MATHS WEEK

During our maths week, we learnt how to play different board games, taking turns, playing with partners, card games and memory games. We looked at maths outside and around the school; using directional and positional language to make a map of our local environment.

We had maths paper fun by making paper chain number bonds and making ‘pentominoes’. We also looked at Maths in Art and created our own Kandinsky paintings.
