

Year 4 Learning Letter

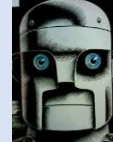

Friday 31st January 2020

Edition No. 8

Times Tables...

We have been monitoring tables' progress very closely since September and our aim is for all children to know them for rapid recall. Below is a link to an excellent resource where the children can challenge themselves, become quicker and have fun!

<https://www.timestables.co.uk/games/>

The Iron Man.

The final instalment of the book has seen the children produce some outstanding work. This will culminate in them writing their own Science Fiction short story version of the novel, plus their own Iron Man model in DT.

Our children will have an opportunity to meet author Vashti Hardy on the 4th of February- author of the bestselling Brightstorm series. He will talk about writing books and encourage children in their own creative writing.

Maths has now moved on to FRACTIONS!!!

$$\frac{6}{12} = \frac{+6}{+6} = \frac{1}{2}$$

Coming soon in science...our end of unit assessment on digestion and teeth.

NEXT UP...SOUND.

PSHE

The children have been looking at the outcomes of hopes and dreams, discovering how to cope with success or overcome disappointments. An altogether important stepping-stone in their development. Resilience is something we value very highly in the school. The children have embraced the topic and surprised us with their own hopes, dreams and growing maturity.

Spelling and Grammar.

Here is a fantastic resource for spelling and grammar activities.

<https://www.topmarks.co.uk/english-games/7-11-years/spelling-and-grammar>

Play friends, challenge your own score and become more confident.
