

Over the last two weeks we have been:

- Starting our new topic on dinosaurs; going on a dinosaur search.
- Exploring dinosaur moves through dance and movement.
- Looking at the features of non-fiction and fiction texts.
- Beginning to write our own non-fiction text about dinosaurs.
- Consolidating learning about numbers within 50 and how these are represented.
- Comparing lengths and heights.
- Making moving picture in art.
- Finding out about what continents dinosaurs lived in.

Monday 9th -13th March

Over the week children will be taking part in various sporting activities and finding out about where the donations from Sport Relief go to. On Friday, it is wear a sports kit day or dress as your favourite sports star in return for a donation of £1 or more.

Children have been out and about looking for signs of Spring!

Over the next 2 weeks we will be:

- Inventing our own dinosaur to write an information text.
- Continuing with measurement using standard measures e.g. Rulers
- Looking at levers to make a moving picture in D.T.
- Learning about Mary Anning and looking at fossils.
- Looking at the different senses.

This week we have discovered many new things during our trip to the Discovery Centre.
