

Year R Home Learning Letter

Friday 27th March

We hope you and your family are staying safe and well at this difficult time. We hope you are all enjoying learning at home. We are so lucky to have Tapestry as our online learning journal so we can all stay in touch. We have been enjoying reading your observations and seeing all the photos you have been uploading. Keep up the good work and keep in touch. We hope this lovely sunshine continues for the days to come too.

Some ideas for maths learning:

- Play games that involve counting, it's a great time to dust off the old board games!
- Do a number hunt in your garden, hide numbers around and see if your child can recognise the digits. We are working on numbers 1-20 as you all know. You may even have magnetic numbers you could use.
- Make your own set of number blocks like the ones we have at school to help with your number recognition.

Some ideas for Reading and Writing:

- Make up a story together as a family with your child as the main character. You could even make this into a home made book which you could share on Tapestry with us.
- Focus on the digraphs 'ch', 'sh' and 'th' this week. Use a timer think of as many words as you can in a minute for each one. Can you then put them into a sentence or a phrase? You could draw a picture and see how many you could include

Remember when...

Think about your time in Owls or Robins so far. What has been your favourite memory? You could share this with us on Tapestry.

Ms Morgan: One of my favourite things is dough disco each week, we have learnt so many new moves and songs together, always starts Friday with a smile!

Mrs Cobbold: One of my favourite memories was the 'Nursery Rhyme' nativity. You were all such superstars and we were so proud of you.

Each week we will all share some more memories with you
