

Year 6 Home Learning Letter

Friday, 27th March, 2020

What a strange week it has been for us all! We hope that you are managing to cope with “lockdown” and doing a little bit of home learning, whilst making the most of the lovely spring weather, which feels long overdue! It’s a big adjustment for us all, so the main message this week is to be kind to yourselves and to each other, and to take some time to relax, without worrying too much about school work.

Having said that, here are a few links to help maintain physical and mental fitness over the next couple of weeks, as well as having some fun!

Keeping Active

At school, we’ve been starting every day with Joe Wicks’ five-minute work out:

<https://www.youtube.com/watch?v=RzOgo1pTda8>

Why not design your own HITT workout?

Music

Here’s a site that offers songs to sing and activities for every day of the week:

<https://www.outoftheark.co.uk/ootam-at-home/>

Arts & Crafts

Remember the Spitfires we drew at school? here’s a link to some more of Shoo Rayner’s “How to Draw” videos:

<https://www.youtube.com/channel/UCaQOnL-tNULRYma5nRDy1QA>

Science

Who invented pizza?

Why do frogs say “Ribbit”?

Why do dogs wag their tails?

How does hand sanitiser kill germs?

The answers to these, and many other burning questions are revealed here:

<https://mysteryscience.com/school-closure-planning>

Maths & English

Here are some links to stories that children can relax and listen to:

<https://www.worldofdavidwalliams.com/elevenses/>

https://stories.audible.com/discovery/enterprise-discovery-21122356011?ref=adbl_ent_anon_ds_ds_dpsh_cntr-1

<https://www.literacyshedplus.com/en-gb/browse/free-resources> - great activity packs for reading and writing, many based on video clips

<https://whiterosemaths.com/homelearning/year-6/> - videos and follow up activities covering the work that we would be covering in school on Ratio and Proportion.
