

Year 1: Week Beginning 04.05.20

We are aware that not everyone has access to a computer. Most activities your child can do without a computer but we have also provided online activities for your child to access if they so wish. It has been lovely to receive photographs of work children have done so please keep them coming in. Simply email them over; we love seeing them and we will do our very best to reply personally to anyone that sends work in.

Weekly Maths Tasks

(Aim to do 1 per day)

Warm up 5 mins every day - focus on quick recall of number bonds. Also this half term's KIRF is to know the multiplication and division facts for the 10 times table so please could you begin to work on this.

Daily lessons

We are moving on to week 3 of the White Rose lessons for the summer term, in order to align ourselves with the BBC's daily lessons. This means that every day, there's a learning video on the White Rose web page

<https://whiterosemaths.com/homelearning/year-2/> to watch and a link to that day's BBC

Bitesize page for more information and even more lesson content.

<https://www.bbc.co.uk/bitesize/dailylessons>

This is the link for the daily maths lessons on BBC Bitesize online. You will need to click on the Year 1/P2 option and then click on the maths lesson for the day.

Pick your year and start homeschooling

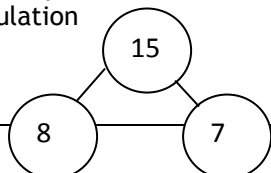

You'll find daily lessons for homeschooling in Maths and English for every year group, as well as regular lessons in Science, History, Geography and more.

These lessons are designed to make sure you have covered all the key concepts ready for next year, and that you have covered new learning not yet done in school.

If you can't access the white rose lessons you could try the following activities:

- Addition fact families - use pasta or counters to show addition calculations e.g. have 15 counters and make $8+7=15$ and $7+8=15$. Write down the calculations you have made.
- Make up addition stories for the calculations you have made e.g. There were 8 apples in the fruit bowl. Then I bought 7 more apples so now there are 15 apples in the bowl.
- Use the part whole model to show your calculation

Weekly Writing Tasks (Letter Writing)

(Aim to do 1 per day)

Monday- Your child could start a nature diary. At the same time each day, they could record the animals that they can see in the garden or from their window and describe the weather and plants. What differences do they notice over the week? Or a month?

Tuesday- Can your child create a fact file about a spider monkey or a tree frog? Describe the animal's appearance, habitat, diet and any other facts.

Wednesday- Your child could write a short description of the rainforest. Ask them to think about what they can see, hear, feel and smell. This live stream may help.

Thursday- Many trees in the rainforest are chopped down to use for paper. Ask your child to create a poster about saving and reusing paper at home.

Friday- Visit the Literacy Shed for this wonderful resource on Caterpillar Shoes. Or, write an acrostic poem about a rainforest creature.

Online Learning

Please log onto Education

city <https://www.educationcity.com/>. Access the homework titled 'Home Learning Friday 1st May'. Within here you will find several learn screens and games linked to writing a sentences and using capital letters and full stops.

The activities are called:

- Learn Screen - Sunken Treasure Part 1
- Learn Screen - Sunken Treasure Part 2
- Learn Screen - Rapid Rounds
- Game - Rapid Rounds

These will be available until Friday 8th May and we will login on to check to see you has completed them.

- Show your calculations using the bar model

Weekly Phonics/Spellings Tasks

(Aim to do 1 per day)

Monday- Can your child think of an animal or plant that begins with each letter of the alphabet. How many of these can be found in a rainforest?

Tuesday- The tree frog, spider monkey and boa constrictor are just some of the animals that can be found living in a rainforest. Ask your child to list verbs (action words) to describe how each animal moves. How many can they think of?

Wednesday- Your child could visit this interactive game and play Forest Phonics.

Thursday- This game helps your child to practise the 'tricky' words for their year group in a fun, interactive way.

Friday- The word 'rain' contains the sound 'ai'. Ask your child to list as many words as they can containing the 'ai' sound. Your child might identify words that contain an alternative spelling for 'ai' such as ay/a-e.

Online learning

This weeks sounds are a_e saying 'ai', i_e and o_e. Please log onto Education city <https://www.educationcity.com/>. Access the homework titled 'Home Learning Friday 1st May'. Within here you will find an activity for each sound.

- Game - a_e - Kate's Cake Shop
- Game - o_e - Princess Rose's Magic Stone
- Game - i_e - Time for a Bike Ride.

These will be available until Friday 8th May and we will login on to check to see you has completed them.

Weekly Reading Tasks

(Aim to do 1 per day)

Monday- Create a sock puppet based on a favourite story character. Show your child how to use the puppet to retell the story the character appears in.

Tuesday- Watch Eric Carle's Slowly, slowly, slowly, said the Sloth or Rumble in the Jungle.

<https://www.youtube.com/watch?v=lZX39Nc20Ys>

Once your child is familiar with the story, they can read along or join in with familiar sentences.

Wednesday- Ask your child to go and read in a sunny spot in the garden. How did it make them feel reading outside?

Thursday- Some of our everyday food comes from the rainforest. Your child can look in the kitchen cupboards and identify foods with the 'Rainforest Alliance' logo.

Friday- Help your child to look through cookery books for a recipe involving chocolate. Ask them to use decoding skills to read some of the ingredients. They can learn about where chocolate derives here;

Learning Project - to be done throughout the week: Rainforests

(These are things to do through the week...aim for two or more if you can)

The project this week aims to provide opportunities for your child to learn more about the world's rainforests. Learning may focus on the plants, animals and insects that inhabit the rainforest, food that originates there and weather patterns. It could look at plants and animals that can be found in the garden too.

●Fascinating Forest Floor- Can your child create their own replica forest floor? Task them with collecting materials from the garden or during your daily exercise.

●The Sounds of the Rainforests- There are many wonderful and intriguing sounds that can be heard in the rainforest. You watch this BBC Our Planet clip;

<https://www.bbc.co.uk/programmes/p011mwwt>

Which animal makes the most noise in the rainforest?

●Where in the World are the Rainforests?- Using an atlas or online map, can your child locate the continents (Africa, Asia, Australia, Central America and South America) where rainforests can be found. They could make their own map of the world, drawing in the rainforests.

●The Big Garden Tidy Up- Why not work together as a family and have a Big Garden Tidy Up? Task your child with pulling out weeds, raking up the leaves or just having a general tidy. Take before and after photographs.

●Sketch a Spider Monkey or a Tree Frog- Can your child create a detailed sketch of an animal that inhabits the rainforest?

https://www.youtube.com/watch?v=9vm9N1c_elg

Using pencils, crayons or whatever else you have, ask your child to copy an image of a rainforest animal, thinking carefully about the patterns and tones.

Online Learning - Education City

Science

Please log onto Education city <https://www.educationcity.com/>. Access the homework titled 'Home Learning Friday 1st May'. Sticking to our plant theme you will find several learn screens and games for you to complete linked to the seasons, trees and flowers.

- Learn Screen - Seasons to be Cheerful
- Game - Seasons to be Cheerful
- Learn Screen - Flora Explorer
- Learn Screen - Wood I Lie to Yew

These will be available until Friday 8th May and we will login on to check to see you has completed them.

Computing

Please log onto Education city <https://www.educationcity.com/>. Access the homework titled 'Home Learning Friday 1st May'. Within here you will find several learn screens and games linked to your computing skills.

- Game - Label a PC
- Learn Screen - Communication
- Learn Screen - Read all about it
- Game - Read all about it.

These will be available until Friday 8th May and we will login on to check to see you has completed them.

Thinking about communication, please remember we have our Year 1 blog in Purple Mash. This is a great way to keep in touch with each other and share stories about what you have been up to or even ask us any question you have. <https://www.purplemash.com/sch/northdowns>
