

LOtC

For LOtC this week we are going to revise our knowledge of the trees around us. **Record your finding in your Home Learning book, or the worksheets provided.**

If you have access to the internet go onto the Woodland Trust site. **If you do not have access to the internet; the twig, leaf, blossom and flower ID sheets are attached to help you.**

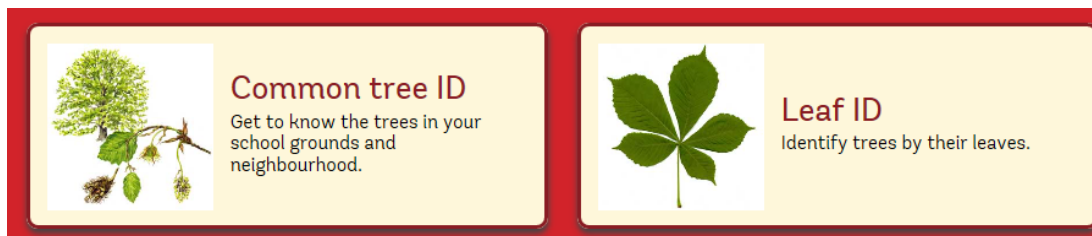

<http://www.treetoolsforschools.org.uk/categorymenu/?cat=trees&name=Trees&col=D2232A>

Click on Tree Identification, then complete the following activities;

1. Common tree ID
2. Leaf ID
3. Tree, blossom and flower ID

http://www.treetoolsforschools.org.uk/activitymenu/?cat=tree_id

Activity 1

At this time of the year, trees have new leaves growing and developing, and many have blossom on them, go into the garden, look out of your window or go for a walk.

How many different trees can you identify?

Record your findings in your Home Learning book or on the worksheet provided; Tree identification activity 1.

Activity 2 - Exploring a hedge

Then find or choose a hedge; either in your garden or on a walk and complete the Exploring a hedge activity sheet.

Extension

If you have thoroughly enjoyed the LOTC activities and would like to link it to Maths, you could try the extension sheet, which considers what might be living near and within the hedge, and the relative sizes of the different shrubs within it.
