

Level 5 Create Activity

Level 5

Adult Guidance

This game is like the traditional game 'Simon Says' but with a twist!

- Instead of 'Simon says...' followed by the action, it is 'Jay the Alien ...' followed by the action.
- The actions are all in the past tense. The verbs all end in -ed, e.g. Jay the Alien jumped, played, pushed...
- Some examples of actions you could get the children to do:

pulled	gasped	locked	reached	filled	lifted
--------	--------	--------	---------	--------	--------

- Encourage the children to offer up their own verbs and examples.
- Can the children split into smaller groups and take turns in leading their own versions of this game?
