

Journalistic writing

It would really support our learning about journalistic texts if you could share appropriate newspaper articles with your children. There are a few child-orientated newspapers such as First News and The Week Junior available to purchase at Newsagents.

Our learning over the next weeks:

Maths - Starting our new topic in Shape. We will be measuring angles and so if you child has a protractor that they wish to bring in and use that would be marvellous. If you want to show them how to use first that would be even more helpful, thank you.

English - Starting our Journalistic writing topic. (see above)

History - Studying the Victorian census and Victorian schools.

Science - finishing our Forces topic. Please see below some resources we are trying to collect for our Science lessons for the rest of the term.

Computing- learning how to use 2quiz and writing our own quizzes.

PSHE -Moving onto Relationships (see below)

Thank you for all your support with our Wilder schools project at our Leigh base. Mr Crosbie and Miss Westwood had buckets of praise for our wonderful Skylarks and Nightingales. We made bird feeders, wildlife homes, designed a plant and undertook a bio blitz. They showed great maturity and responsibility.

Thank You!

Resources needed

Nuts and bolts (for Art)
Different types of grasses
Small twigs (small ruler size)
Sand
Modelling clay (to keep)
Empty metal tins with inset lid eg golden syrup or treacle, small empty paint tins.
Hand held rotary whisk
Balloon whisk
Cork Board

Juniper Hall

We are very excited to have booked our next school trip to Juniper Hall on Tuesday 14th July
Please look out for a letter next week which will have more details including payment deadlines.

Any questions please ask.

Thank you, have a lovely weekend
Mrs Boyer, Mrs Tubb and Mrs Tolan.
