It was Keeping Healthy Week and all the children in Mrs Tan's class were going to take part in some exciting food and exercise activities.

“Now children,” said Mrs Tan, “who can tell me why we need to eat healthy food?”

“So we can grow big and strong!” said Sam.

“That’s right,” said Mrs Tan, “and who can give me an example of a healthy food?”

“Apples!” said Gabi.

“Crisps!” said Jake.

“Hmm...” said Mrs Tan.

Mrs Tan is asking the children to sort different foods into healthy foods and unhealthy foods. Use your worksheet to read the labels and help to sort the foods? Cut and stick them in the correct place.

Mrs Tan's Food Sort Game

Mrs Tan is showing the class different foods. Can you sort them into foods which are healthy, not healthy or not a food?
