

Year 6 Learning Letter

Friday 1st May 2026

Alice: The Musical

Rehearsals are now well under way for our end of year production, Alice: The Musical. Miss Tennent is leading the show and after just a couple of sessions, it is clear that this will be something to look forward to. The acting parts have been cast, and we will now be looking for anyone in Year 6 who would like to take part in a back stage role.

This year's Year Six trip to Chessington World of Adventures is happening on Tuesday 2nd June. This is the fifth time we have taken Year Six to Chessington after their SATS week. affect anyone!

It is always an enjoyable day out, and a well-earned treat after the hard work of this year so far. As you know, in order to keep the cost reasonable, we have asked that parents drop off and pick up from Chessington; please do be aware however, that Chessington is just inside the ULEZ zone, just in case that does affect anyone!

What's coming up...other than SATs...?

English - We have finished our newspaper writing and will now be using some amazing short animations to help us produce some brilliant writing..

Science - Finishing our work on electrical circuits

History - Continuing to study WW2

PSHE -We are concentrating on transition to secondary school

RE - We are starting a new unit, to learn and understand more about Buddhism

PE - Well, of course, this is the special seasonal unit-Dance, otherwise known as Maypole. The children are training hard for their performances on Friday 21st May. Come what may with the weather- we are feeling hopeful!

GOOD LUCK YEAR 6

After a final week of teaching next week, the big week is here! Over the last few weeks we have been so impressed with the hard work Year 6 Six have been putting in revising for the SATS next week, both at home and here at school. It has been amazing to see so many 'light bulb' moments as children recap on previous learning - what might not have made sense first time round can often seem simple when revisited!

Good Luck Everyone!
