

# The Snake Game

twinkl

Today, we are learning to read words that contain  
**a\_e** saying /ai/.

Sam took out the little furry snake from the box. "I remember this game from last year, it was so fun!" she said.

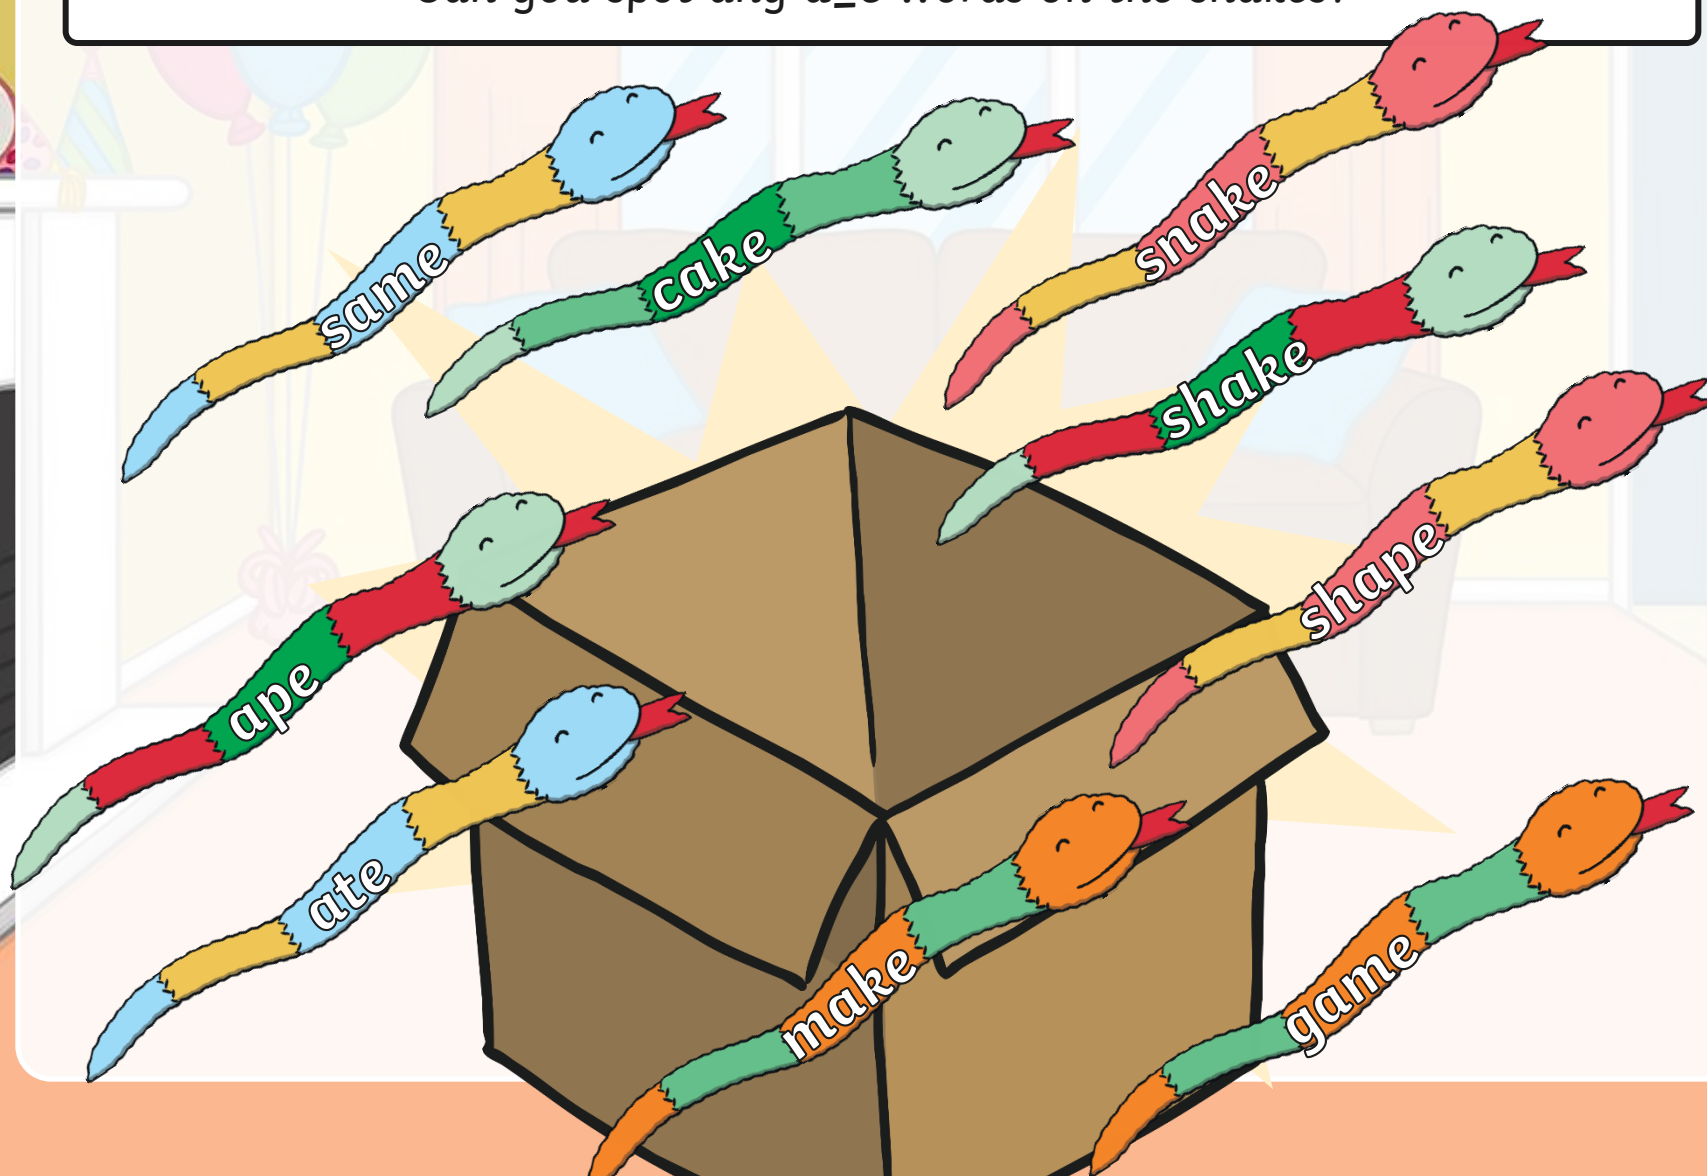

“Do you remember the aim of the snake game?” asked Dad.  
“Yes!” laughed Sam. “One person must hide the snake when everyone else is in the other room. The first person to find the snake wins!”

“That’s right,” chuckled Dad, “then that person gets to hide the snake! But remember...” said Dad.

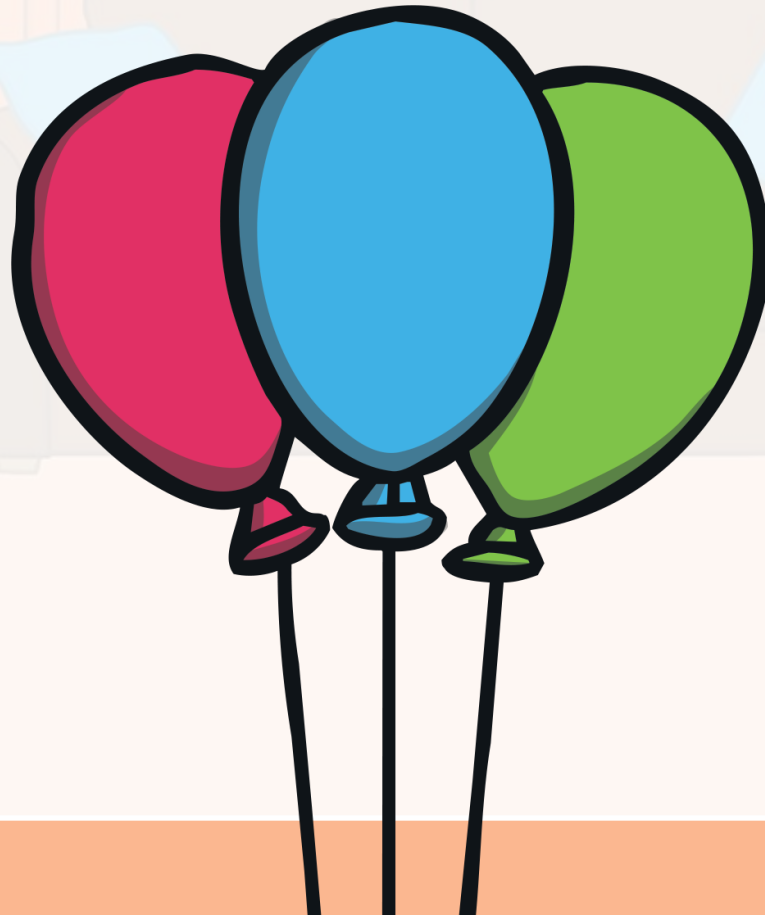

“The tail must be showing!” interrupted Sam, before Dad had time to finish.
