After a short time in the glass room, all of the superheroes were back in the giant hall. Kit and Sam were also back in the hall. They both felt very energetic and ready to face the next challenge.

"I feel a bit strange," said Sam to Kit.

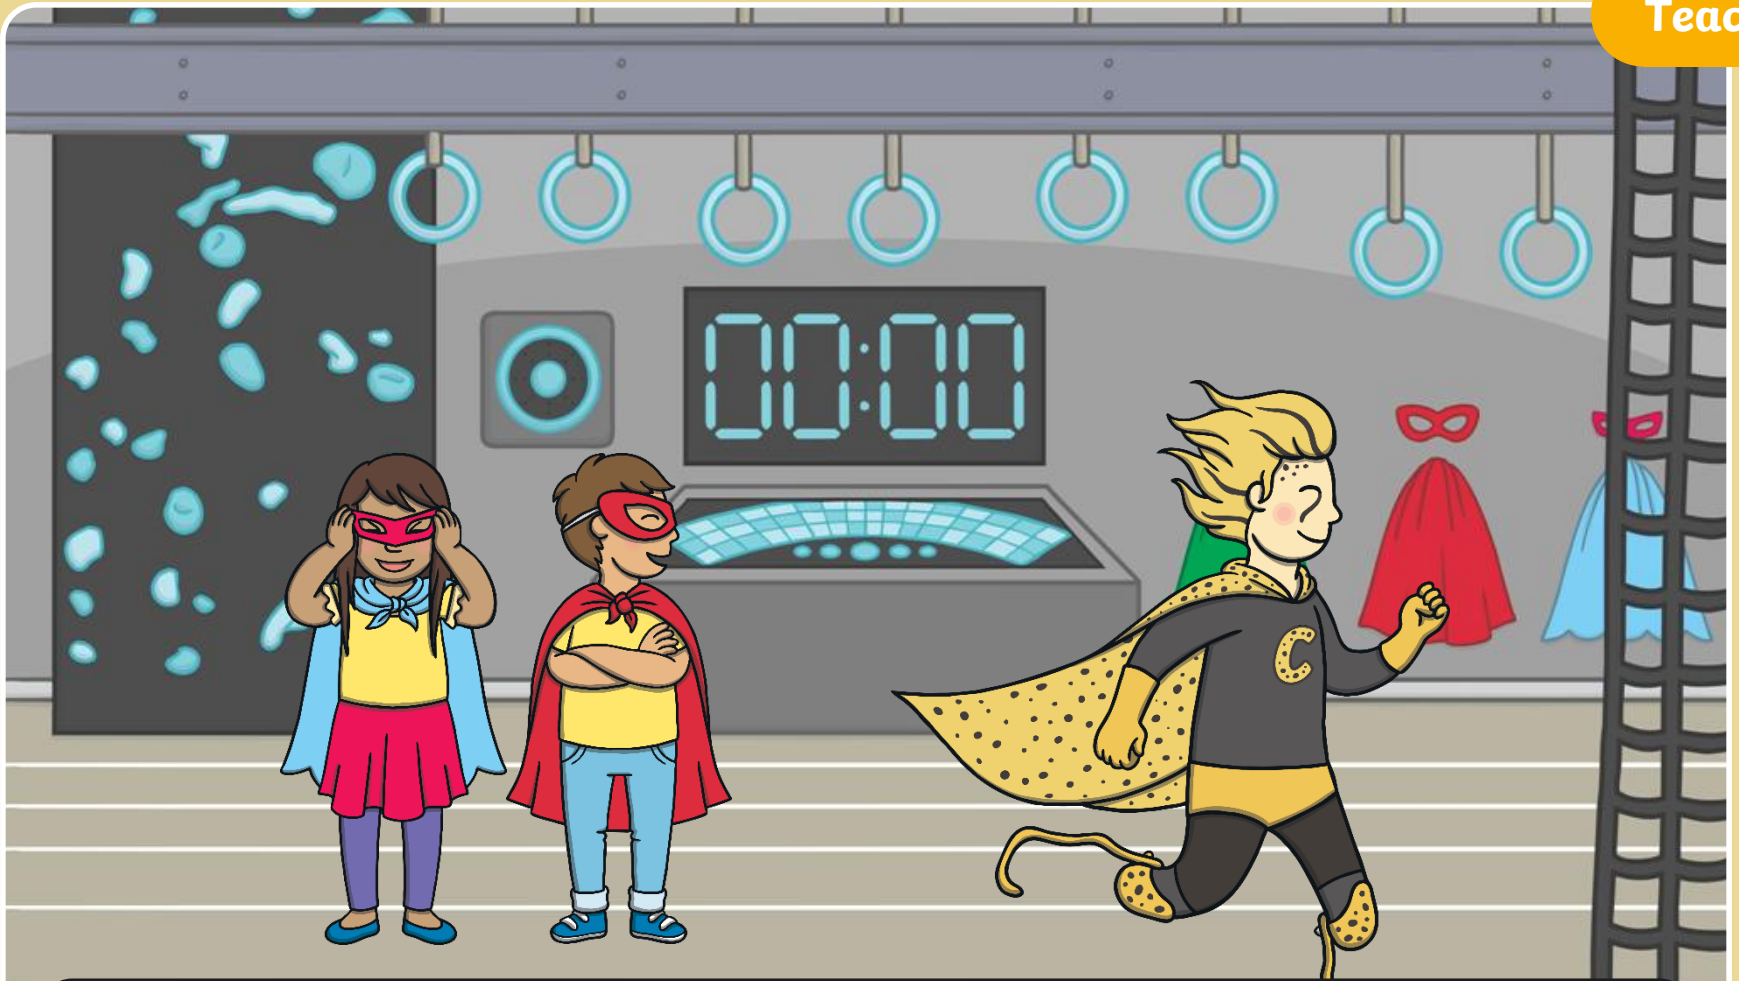

"I know what you mean but it is a good sort of strange," replied Kit.

All of a sudden, Kit and Sam stopped talking. They heard a very loud sound. Kit and Sam covered their ears. They gazed up at the superhero making its way across the hall.

Kit could not believe his eyes. The superhero making the terrible deafening noise was the superhero from his cards. It was the one whose profile he had read out to Sam.

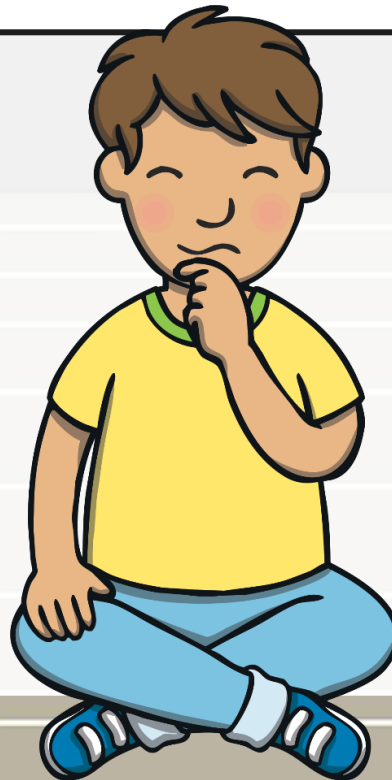

Before Kit got a chance to tell Sam who the superhero was, the superhero sped across the hall. “Wow! Did you just see that? He must be the quickest superhero ever!” said Sam, excitedly.

The superhero that Kit and Sam are watching is one of the top superheroes.

On his profile card are a list of words to describe him. Work out the missing letters and write the words down.

"Time for the next lesson to commence. Take your positions. Cheetman will demonstrate what to do," announced the voice from the speaker.

"That's Cheetman! I got his card with my magazine. He is the one I showed you," said Kit enthusiastically to Sam.

“Is Cheetman a cheat? Is that why he is called Cheetman?” asked Sam to Kit.

“No! Superheroes do not cheat. They have magic powers. He is called Cheetman because he is fast like a cheetah!” replied Kit, laughing.

Cheetman was stood at the front of the hall. He was showing everyone how to position themselves before starting to run. “Remember, the more focused you are, the greater you will succeed,” called out Cheetman.

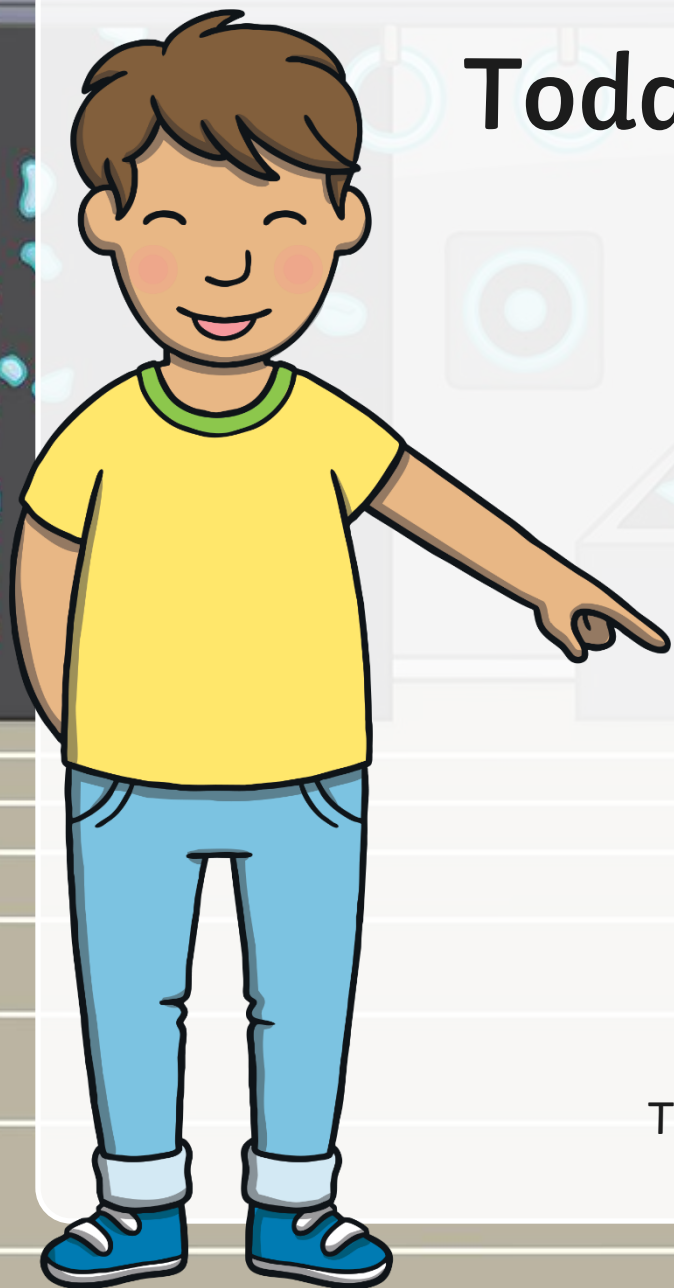

Kit, Sam and the other superheroes started to run. Kit and Sam could not believe what was happening. Their feet seemed to move at such an incredible speed.

They had never been able to run as fast as this in all of their lives. "I am Cheetgirl!" shouted Sam to Kit. "I am the fastest girl ever!" Kit giggled. What was going to happen next?
