

What will we be learning about:

- Adding and subtracting numbers with up to three digits, using formal written methods of column addition and subtraction.
- Autumn poetry.
- Spelling - homophones.
- How the Pyramids were built.
- Forces - How magnets work.
- How to describe characters for a mystery adventure story.
- Continuing our introduction to French, including how to greet one another.

Homework

Our new homework system will be live from Thursday 8th October. Please refer to the letter your child brought home last week for login details. This week we have set a straightforward piece of English that is to be completed via 'Teams'. Teachers will be able to see the work when it has been submitted in this way. As homework is due the following Wednesday, the work will need to be submitted by midday every Wednesday.

Year 3 have been learning about forces, making windmills and investigating the effect of friction on different surfaces.

Individual School Photos

On Thursday 15th October Geoff, our wonderful school photographer from Lawrence Godfrey, will be coming to take individual school photographs of the children at our Brockham site.

Unfortunately, this year we will not be able to provide the opportunity for sibling photographs.

Learning outside the classroom (LOtC)

As you are aware, many of our lessons take place outside the classroom so that we can take advantage of the wonderful outdoor areas we have around the school. Your child needs to bring a warm, waterproof coat every day. For those children attending extra outdoor learning sessions with Mrs Ottaway, please wear your jogging bottoms/waterproofs and trainers to school and your wellies in a named bag.

Swimming

Swimming will begin after half term for all children in Year 3. If you have not returned the form to let us know your child's ability, please do so asap. They will be split into small groups. More details will be given nearer the time.
