Dragons' Den

As part of our post-SATS transition work, we have been enjoying some Financial Literacy sessions with Andy Whitehouse and his team of financial experts. After learning about wants vs needs, saving, debt and credit we moved onto our business ventures. Our teams have used their £50 budgets to purchase supplies online (with adult support!) and are now making, marketing, packaging and pricing their products in readiness for our two after school sales next week. We cannot wait to find out which team wins!

Bowles Rocks!

And to end with, just a few photos of our three days at Bowles Rocks Outdoor Centre.
