

## Stone Age to Iron Age Day

**Our Stone Age to Iron Age day was a huge hit with the children.**

Great fun was had by all. All the hard work and effort out into providing outfits paid off as you can see from the photographs, the children looked amazing. They found out about life during the Stone, Bronze and Iron Ages by handling artefacts, completing a quiz, and playing games. It was exciting when we were shown how a fire could be started using a bow drill.

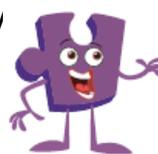

## Maths

This week we all had a times table test. We would urge the children to use Times Table Rockstars and Sumdog to help them. They should all know which table they are learning and the score that they got out of the 24 questions given. Remember, facts should be learnt for multiplication and division. We are still focussing on telling the time and as we mentioned last time, this a good website with many games. There are also lots of activities on Education city. <https://www.topmarks.co.uk/Search.aspx?q=time>

## Jigsaw

Next half term our new focus is 'Changing Me'. Please see the accompanying knowledge document which is an overview of this Jigsaw unit. This will help you to prepare for any questions your child might have. These lessons are compulsory in Year 3.

## Logo Competition

Congratulations to Monty Curphy and Ruby Lampard who won the FONDS logo competition. The teachers enjoyed judging the entries anonymously. Well done you two.
