

What will we be learning about in the next two weeks:

In **English**, we will be working on comprehension skills before moving onto writing adventure stories.
In **Maths** we will be continuing with our unit of work on time and then starting a unit on capacity, mass and temperature.

In **R.E.** we will be learning about religious symbols and why they are important in some religions.

In **P.S.H.E** we will be learning about our 'Changing Me' topic.

In **Science** we will be learning about living things and their habitats.

In **Topic** we will be continuing our learning about hot and cold places around the world.

PSHE - Changing Me

For next week's PSHE lesson could we please ask that, if possible, children can bring in photos of an older family member, one when they were young and another showing them now.

Photocopies would be advised, or you could email them to us at our usual addresses. Please do not worry if you cannot find photos.

Ways to help your child

Our maths unit at the moment is all about time. It really helps children to practise and apply at home what they have learned what they have learned at school. If you could talk to your child and use analogue clocks as much as possible it would really help them understand the real life importance of time. For example, just saying "It's 15 minutes until lunchtime" help them understand what 15 minutes is. Thank you your help.

I can see clearly now the rain has gone...

Last time we asked that all children bring a waterproof coat to school each day. Now, as it has finally warmed up and the sun has appeared could we ask that children have sun cream applied before school and bring a cap with them as we do like to spend time outside and it is important to protect young skin from the harshest of the sun's rays.

Bug Hotel

We would like to build a bug hotel at both Brockham and Leigh to increase our wildlife diversity. It would really help us if anyone could donate any materials they have lying around in garden sheds etc. The leaflet on page 2 shows the type of things we need and if you have any of these things to spare (please do not buy anything!) we would be very grateful . Thanks!

Spelling Patterns

Week beginning 11/6 adding the suffix '- less' onto a root word to change it to an adjective.
e.g. helpless, speechless painless

Week beginning 18/6 words ending in '-tion', e.g. fiction, addition, subtraction

Remember to log into [Spellzone.com](https://www.spellzone.com) to practise these patterns

How to build a bug hotel

wildlife
watch

You will need:

- Wooden pallets

x4

- Bricks

- Plastic bottles*

- Bamboo canes

- Straw

- Leaves

- Tiles

- Cardboard

- Stones/pebbles

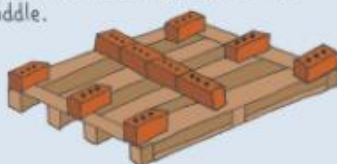

- Twigs/loose bark

*Use old plastic bottles for this, and always recycle after use.

- 1 Place a wooden pallet in your chosen location. On top of the pallet, line bricks around the corners and across the middle.

- 2 Place your next pallet on top of this and repeat the process for all of your pallets.

- 3 Cut off the top two-thirds of your bottles. Fill up half of them with bamboo canes/plastic straws and the other half with rolled up cardboard. Place these inside the hotel.

- 4 Fill in the remaining spaces with bricks, leaves, pebbles, stones, tiles, loose bark and straw.

- 5 Add in any extra materials that you want to recycle e.g. old pipes, carpeting, toilet tubes, old plant pots. Be creative - add a welcome sign or give your hotel a name!
