Science

The last couple of lessons in Science, the children have been exploring and using their 5 senses. This week they have been exploring what it might be like not to be able to use their ears or eyes. Miss Winslade brought in her Braille machine for the children to look at and try!

Computer Logins

Your child will have already come home with a login for the online software that we subscribe to as a school. We will also use logins in the classroom, so that the children can access our Chromebooks. Please encourage your child to start to memorise the login and password in order for it to remain secure and private. We are teaching them not to share their password with anyone else, so that they begin to understand the importance of internet safety and keeping personal details private. This login will be the same from Year 1 all the way to Year 6 and they may sometimes need it to access homework online. If you have any questions, please do pop and ask us.

Friday 9th December - Christmas Jumper Day and Reindeer Run

All children will be taking part in this year's sponsored Reindeer Run. With Christmas tunes playing, the children will be running as many laps as they can in 15 minutes within their class/year groups and will receive festive reindeer antlers as a reward for their hard work!

All sponsorship donations are to be paid via the Just giving pages
