

Merry Christmas

As this will be our last Learning Letter of 2022, we would like to take this opportunity to thank you for all your help and support this school year. The children have worked really well they truly deserve a rest!

Wishing you a super Christmas season, from The Year 6 Team.

This is what we will be aiming to cover during the final weeks of term:

History - continuing our work on the Battle of Britain, specifically the impact on the public;

English - continuing a unit on imagery within winter poetry;

Science - continuing to investigate light;

DT - completing our fabulous decoupage boxes.

RE - looking further into the different accounts of the birth of Jesus, through the Gospels;

Maths - finishing work on fractions, ready to move on to decimals and percentages in the spring term.

PE - next week will be the last sessions of our swimming season.

Here is a fun maths Christmas extra to try:

SUCH STARS

After working hard during assessment week, the children are having a lot of fun, working on their performances for next week. Please let us know if your child is unable to return for the evening (6.20pm for 6:30pm Wednesday 7th December). Thank you.

Resources for Science Investigations

As part of our Science topic, we would like the children to bring in; standard sized cereal boxes, shoeboxes and wide cardboard tubes. Thank you.

Coming soon!

HAPPY NEW YEAR
2023
