

This week Year 3, along with the rest of the school, have been enjoying daily sessions working on how to stay safe online, with the key message being to talk to a trusted adult about anything that doesn't feel right online. The children made some superb posters and these can now be seen on display around the Year 3 corridor.

### BROCKHAM NATURE RESERVE Wildlife Garden Survey

Sorbus Learning CIC is a not-for-profit organisation, based in Brockham, that helps communities connect with nature. They are busy building the community garden at the moment but, they also have a new project for 2023 - Brockham Nature Reserve, working with residents and local organisations to make space for nature in village greenspaces to improve the biodiversity of community green spaces, recreation grounds, road verges and gardens.

A short garden survey is the start of their project, for our school and local community. We would really appreciate it if all families were able to fill in the survey - maybe go out into the garden together to look at what insects and birds you can see and to record how your garden works for wildlife.

Please go to the following link to complete the survey.

### Homework

We have this week set a homework which links to our Science work on rocks. We are asking children to research the famous fossil hunter, Mary Anning. Details are in the children's homework books.

### World Book Day

Today we celebrated World Book Day by dressing up as a favourite book character. It was great to see everyone in their costumes and the children had a great time. Some photos will follow in the next learning letter.

### We are Learning...

**Maths** - We have started our new unit  
On fractions

**English - Geography** - We are finishing our learning about the rivers, coasts and hills of south east of the UK

**French** - We are continuing our about of transport
