

Year 3 have recently been enjoying some additional Art sessions over the last two weeks, creating portraits of Mrs Douglass for a national competition. Every child worked really hard to use the techniques we have learned in our unit on using charcoal as a medium, and everyone in Year 3 enjoyed having Mrs Douglass as a live model...Mrs Douglass said she really enjoyed being able to sit still for 20 minutes!

Here are some examples of the portraits created.

Mrs Douglass loved them so much she now has some of the portraits displayed on her office door!

Homework

We have this week set a 2 week homework task in which children will be asked to create a poster on a place they have visited/really like in London or the Southeast of England. We will provide A3 paper as usual and we would encourage taking the full two weeks and really go to town on this!

Summer Term Swimming

All children will be swimming again next term and we are in the process of finalising the timetable for both the more confident swimmers and those who have been continuing with weekly sessions this term. There are a few children from the Friday groups who will be moving groups and we will send out all of the details by the end of this term.

We are Learning...

Maths - We have started our new unit
On mass and capacity

English - We will be starting our unit on
Biographies/autobiographies.

Geography - We are finishing our
learning about the UK, summing up how
We have changed over time.

French - We are finishing our about
of transport

R.E. The Easter Story

PE - Rounders and Football

Computing - We will be starting a short unit
on graphing.

Science - We are starting a very exciting
unit on growing plants.
