

We have had such fun looking at Monet's Garden

Next week we will be in need of cardboard boxes and lolly sticks please, ready for our new topic:

The Great Fire of London

Maths

Recently, we have started to look at telling the time, coins and notes, which some of the children have found challenging. It's not surprising as so many payments are done online and contactless these days! Here are some games to support this learning.

You could also gather some coins together to play shops at home too. Or go to the shops in town.

Forest School

As our Forest School sessions draw to a close, I would like to say how fabulous it has been sharing this experience with the children in Year 1 over the whole year. We have seen so many changes in our environments at Leigh and Brockham over the seasons, and the children have embraced the different temperatures and changes of clothing to suit. Those icy weeks were cold but memorable! They have improved their team work and problem solving through so many activities.

Different friendships have been formed and imaginations ran wild in the hammocks and mud play especially. We have tried to remember names of plants, trees and birds with huge success. We have used different tools, played new games and tried various crafts - from wands, bird feeders, gnomes, pinecone bees and not to mention cat toys on sticks! Stay wild Year 1 - Ms Winslade

We will be learning..

English - Recounts; through diaries and newspaper reports about the Great Fire of London

Maths - place value to 100

Art/DT - becoming architects!- beginning to build

PSHE - Jigsaw Piece - Changing Me (Please note that the children will be introduced to new vocabulary related to this unit of work)

Please refer to the knowledge organiser emailed to you on 10th June 2022.

Re - Why should we look after our world?

Handwriting - using the common exception words to form our letters and joins correctly

History -The Great Fire of London

Computing - finishing our 'Lego Builders' linked to algorithms and beginning 'Maze builders'

PE - Golf and outdoor games

Moving Up day !
Tuesday 27th June
