

### What are we Learning?

**Maths** -multiplication and division, focusing on the 6, 7, 9 and 12 times tables.

**Geography** - Starting our new topic 'Mountains'. What is a mountain?

How are mountains made?

**Science** - Starting to learn about the digestive system. Where does all of our food go?

**PE** - Basketball and choreographing and performing our own Charleston inspired dances.

**Computing** - Coding using Logo

**English** - Winter poetry

**PSHE** - Dreams and Goals

**French** - Continuing work on 'My Family'

**Music** - Preparing for our Christmas carol service

### Wet play Games

As the weather has changed, we were wondering if anyone has any board games or puzzles which they would like to donate to make our indoor play times more exciting.

Thank you 😊

### Pen Licence

The children are getting incredibly excited about earning a 'Pen Licence' enabling them to write in pen at school. At first, we will be giving chosen children a pen and a 'provisional pen licence'. They need to demonstrate controlled, fluent and joined handwriting in pen and will later be given a full pen licence certificate. We have pens in school, however, if the children prefer, they may bring their own blue handwriting pens (no biros) into school once they have a licence.

### High Ashurst Meeting

We will be holding a meeting on Tuesday 14<sup>th</sup> November to present information about our trip in April and to answer any questions you may have.

### River Study

We carried out a river fieldwork study on the River Mole and explored Poland Woods. We looked for clues of the animals that share this environment and found out information about them. This session was led by Robyn, a member of SERT (South East Rivers Trust).
