

What are we Learning?

Maths - Multiplication and division, focusing on patterns the 6, 7, 9 and 12 times tables.

Geography - Continuing our 'Mountains' topic. We will explore what is it like on a mountain.

Science - As part of our study of the digestive system, we will focus on the role of the mouth and teeth.

PE - Basketball and gymnastics.

Computing - Coding using Logo

English - Winter poetry using similes, repetition and alliteration.

PSHE - Celebrating Difference

French - Continuing work on 'My Family'

Music - Preparing for our Christmas carol service.

Cold Weather LOTC

Please ensure that the children come into school with the appropriate clothing, as we try to incorporate LOTC throughout our lessons (raincoats and wellington boots).

Reading Book Recommendations

Listening to and sharing reading books helps children to develop richer vocabulary choices, that supports them with their own descriptive writing. On our website, there is an extensive suggested reading list for Year 4, which may help if you are visiting the library or choosing your own books. (Look for -curriculum-English-Reading, including phonics-recommended reading lists).

Christmas Carols

We are busy practising for our evening Carol Concert on Wednesday 29th November. We look forward to seeing you there for our first festive event of the season. Please let us know if your child is unable to attend as we are currently allocating parts.

High Ashurst Residential

Thank you to the parents that were able to join our meeting on Tuesday. There is a real buzz about the trip in our classrooms now, as the children are enjoying finding out about it and getting excited. For those unable to attend, the key information is included in the letter sent home this week. The slides shown at the meeting are available on our website - look at the Curriculum/LOtC section. You may also like to visit the High Ashurst website
