

This is our last learning letter of Year 2, and we would like to say a **massive** 'thank you!' to you and your children for working so hard! It has been an absolute pleasure to work with such happy, motivated, and resilient children and we wish them every success for Year 3. Now is time for that final push to the end of a brilliant year.

Have a wonderful summer holiday,
Mrs Tubb and Miss Westwood;
and all our fabulous Teaching Assistants:
Mrs Lucas, Mrs Ogston, Mrs Wright and Ms Northfield!

The last week of Year 2:

- In **Maths**, we are finishing with position and direction.
- In **Science**, we are completing the term of 'Living Things' by checking our understanding of the unit and exploring local British habitats.
- In **Topic**, we will be checking our knowledge about Hot and Cold places.
- In **Computing**, we will be looking at predicting algorithms and the movements of robots.
- In **D.T.**, we will finish building our miniature functioning playground equipment.

Spelling patterns

We have practised the /er/ sound spelt 'or'.

This comes most often after a 'w'.

We have also practised the /zh/ sound, spelt with an 's' (as in 'Asia' and 'treasure').

This was our last spelling pattern of Year 2.

Thank you to all those who have embraced home learning this year!

Reports

Your child will be bringing home their school report today. Please also look out for their phonics screening certificate and their SEN passport if applicable.

Drusillas

A huge well done to all of Year 2 for a fantastic and very successful trip to Drusillas last Thursday! We hope you enjoyed hearing about the day.

Thank you, endlessly as well, to our volunteers for all their **invaluable** support.

Ways to help your child over the Summer

1. Look back at **ALL** the Year 2 Maths KIRFs on the school website. Many of the children would benefit from some consolidation before heading to Year 3!
2. Trial some TTRS if your child hasn't already - it is very popular in Year 3, both in school and for homework!
3. Keep reading! Libraries across Surrey offer a fantastic Summer Reading Challenge to help children keep reading over the summer. It is free to sign up to your local library, and the theme for the Challenge this year is 'Marvellous Makers', inspiring children to express themselves.

Fire Service

On Tuesday 9th July, both classes benefited from a greatly informative visit from the Fire Service about fire safety and what to do in case of a fire. Your child should have brought a script home to practise what to say in the event of calling 999. As the script shows, it is important for the children to know their full address. You may want to talk through this with your child to hear about their visit.
