

Thank you for all your support with your child's reading. We are just finishing our Phase 3 assessments in phonics. If your child has any learning gaps, we will provide you with a few sounds to practice each week to help consolidate this learning. Please keep an eye out in your reading record book.

Outdoor Learning

Please can your child bring in a clear empty bottle for our first Outdoor learning activity on Thursday 8th October. This can be a water bottle, squash bottle but must be see-through.

We are Learning:

- English - Reading, responding to illustrations and creating a narrative.
- Art - Print making
- Maths - Comparing numbers and objects using appropriate language
- Science - Using our knowledge of senses to explore using touch, smell, taste
- Phonics - ai, ee, igh, oa and oo (long), oo (short)
- Computing - Using Beebot floor robots to understand position and direction
- Geography - Exploring seasonal changes; summer to autumn.
- RE - Our World; creation and giving thanks.

ai igh ee oa

Learning Outside the Classroom

In Year 1 we love to get outside as often as possible! With winter (and the mud!) approaching, it would be fantastic if you could send your child in with a pair of welly boots and waterproofs. This ensures we can still get outside in all weathers! Thank you.

Extra socks are often a good idea to keep in their wellies.

English - Wild by Emily Hughes

Penguins and Puffins had great fun learning outside the classroom making leaf faces using natural materials.
